

RANGER PROTECT **AFRICA**

The GRAA and SATIB Insurance Brokers are pleased to bring you Ranger Protect.

Together we want to make a difference in the lives of dedicated rangers in Africa by providing insurance cover that looks after you and / or your family should you be unable to perform your duties following a defined incident. We hope that this cover will allow you to comfortably and confidently perform your duties in the field and at the same time raise global awareness of the noble work you do.

So read through the below benefits, save the emergency number and remember to call us first.

We salute you!

Crisis help 24/7/365 through one number

Our SATIB24 Crisis Call is a critical incident management service with a built-in insurance cover ONLY available to SATIB clients.

It forms an integral part of our African presence and can be coupled with medical emergency evacuation policies that can cover guests, staff or both. Critical incidents impose a threat of loss – something bad happening that may cost life, limb, money, loss of reputation, property or asset damage or business interruption. By accessing the best available resources locally and internationally our specialist team minimises the loss and maximises the outcome. It is about taking the “luck factor” out of incidents and doing the things that stack the odds in your favour.
